

# WordEngine™

ワードエンジン

Independent university research programs confirm that WordEngine increases average TOEIC and TOEFL scores

More than 500 students were divided into control and experimental groups. The experimental groups were assigned 30 to 40 min. of homework with WordEngine and the control groups were assigned existing traditional homework.

## Avg. TOEIC score increase +86% higher

Research conducted by national, state and private universities show that WordEngine provides a dramatic scoring advantage.

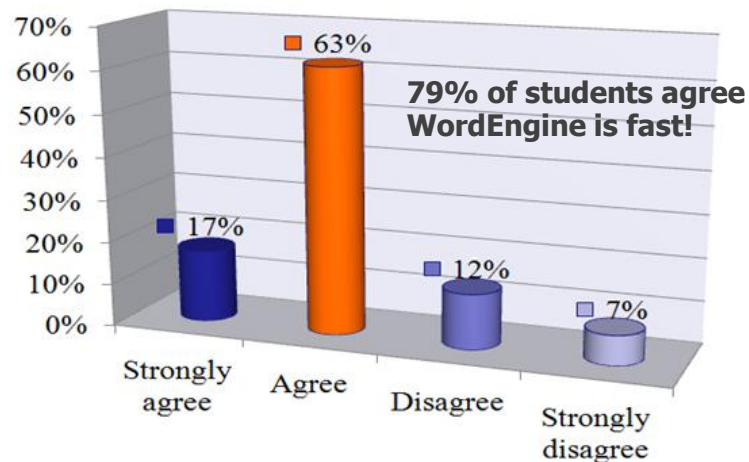

After two semesters of standard study and standard homework, the control group's second TOEIC score increased by an average of 57 points. Students who were assigned 30 to 40 minutes of WordEngine homework per week scored an average of 106 points higher.

### Average TOEIC score improvements

for students who scored above 300 on their first TOEIC

### WordEngine is a fast way to learn new TOEIC vocabulary

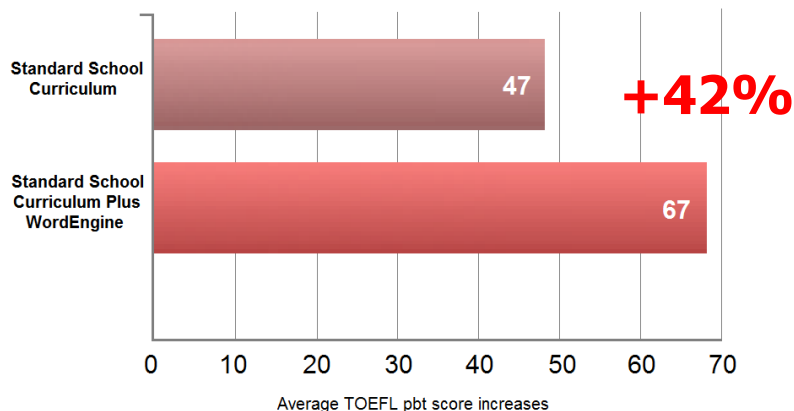

## Avg. TOEFL score increase +88% higher

Independent research conducted by state and private universities shows that WordEngine provides a dramatic scoring advantage.

### Actual TOEFL pbt score improvements

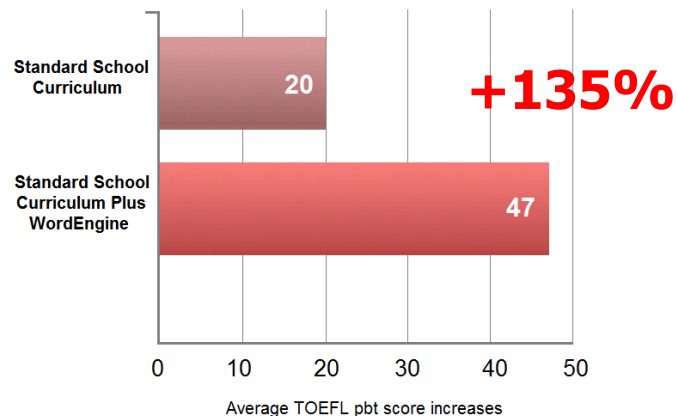

for students who scored below 400 on their first TOEFL
